

Subhabrata Majumdar

Address:
1112 8th Street SE Apt 7
Minneapolis, MN 55414

Phone: (612) 806-9996
e-mail: zoom.subha@gmail.com
Web: <http://stat.umn.edu/~majum010>

Summary

- PhD candidate in Statistics with expected graduation date May 2017;
- Expert-level knowledge in dimension reduction and variable selection methods;
- Strong conceptual background in statistics and machine learning techniques;
- Technical skills: R, Matlab, Stata (strong), C/C++ (proficient), Python, SQL, HTML (basic);
- Experienced in working as part of a team in industry as well as interdisciplinary academic setup.

Experience

- **IBM Research**, Yorktown Heights, NY; Research intern, May 2016 – present;
As an IBM Social Good fellow, collaborating with scientists in the data science group and the Cary Institute of Ecosystem Studies to mine biological and ecological data and devise cognitive algorithms to determine potential new primate carriers of the Zika virus.
- **University of Minnesota - Twin Cities**, Minneapolis, MN; Research assistant, Jan 2015 – May 2016;
Worked as a research assistant at the Department of Computer Science and Engineering, in the \$10 million interdisciplinary project on developing data-driven approaches to understand climate change.
- **Santander Consumer USA**, Dallas, TX; Data Science intern, May 2015 – Aug 2015;
Worked with the Statistical Analysis team on implementing new machine learning methods in Loss Forecast Score prediction. Achieved 3% improvement in Area Under Curve metric over current model in practice by implementing a gradient boosting model.
- **Data Science for Social Good fellowship**, University of Chicago. June 2014 – Aug 2014;
Worked in a team that collaborated with the Chicago Department of Public Health in building a predictive model for lead poisoning prevention in the city of Chicago using large amounts of data on previous testing and house inspections. Our random forest-based model achieved 70% accuracy in out-of-sample prediction.
- **National Marrow Donor Program**, Minneapolis, MN; Statistician Intern, June 2013 – Aug 2013;
Collaborated with scientists at the Bioinformatics division and Prof. Snigdhanu Chatterjee of the School of Statistics at my university in designing a spatial algorithm for data-driven marrow donor recruitment for Leukemia patients with rare alleles.
- **Educational Initiatives**, Bangalore, India; Summer Intern, June 2011 – July 2011;
Worked with staff statisticians to analyze educational survey data on teacher aptitude collected by four state governments in India as well as govts. of Nepal and Bhutan.
- **Saha Institute of Nuclear Physics**, Kolkata, India;
Undergraduate Research Associate in biophysical sciences, Jan 2008 – June 2010.

Awards

Buehler-Martin Award in Statistics, University of Minnesota School of Statistics, 2016 – 2017;
Interdisciplinary Doctoral Fellowship, University of Minnesota Graduate School, 2016 – 2017;
University of Minnesota School of Statistics travel award, 2013 – 2017;
5th International Workshop on Climate Informatics travel award, 2015;
Debesh-Kamal Scholarship for Higher Studies Abroad, Ramakrishna Mission Institute of Culture, Kolkata, India, 2012;
KVPY national fellowship, Department of Science and Technology, Govt. of India, 2008 – 2012;
National scholar, National Council of Educational Research and Training, Govt. of India, 2005 – 2008.

Qualifications

PhD Statistics, University of Minnesota - Twin Cities, Fall 2012 - present (*expected Spring 2017*);
Advisor: Snigdhanu Chatterjee

M.S. Statistics, Indian Statistical Institute, 2012. (Specialization: Actuarial science and Genetics)
Masters thesis: Adjusting for Treatment Effects in Studies of Quantitative Traits

B.S. Statistics, Indian Statistical Institute, 2010.

Research interests

Theory: Multivariate quantiles and statistical depth functions, depth-based robust estimators; variable selection and dimension reduction.

Application: Statistical computing, machine learning algorithms and high-dimensional models in chemometrics, public health and human genomics.

Conference presentations

- (Upcoming) 1st Data Science for Social Good conference, Chicago, IL (Aug 2016);
- (Upcoming) International Indian Statistical Association conference, Corvallis, OR (Aug 2016);
- ASA Joint Statistical Meetings: Chicago, IL (July 2016); Seattle, WA (Aug 2015); Boston, MA (Aug 2014);
- 9th International Triennial Calcutta Symposium, Kolkata, India, Dec 2015;
- 5th International Workshop on Climate Informatics, Boulder, CO, Sep 2015;
- 20th ACM SIGKDD conference on Knowledge Discovery and Data Mining, New York City, NY: Aug 2014.
